## OUR SERVICES: OCEAN FREIGHT

### Full Container Load (FCL)

With OTS, a flexible FCL delivery is offered that's customized to fit into your supply chain however it best suits your business needs.

Tailor-made solutions are OTS' specialty, especially when it comes to ocean freight delivery. Orient provides fully integrated transport for your full container loads. Whether you need a logistics partner for one section of your supply chain or multimodal services, we've got it covered.

With a robust, global cargo shipper portfolio, we'll select the carrier that best suits your FCL freight forwarding needs. From there, our experts will manage your shipment from beginning to end, no matter how many modes of transport you require.

OTS is an Egyptian industry-leading forwarder that can optimize your supply chain and achieve your business goals.

### Less-than-container Load (LCL)

Our global LCL network makes managing your ocean freight easier than ever. With quality service and state-of-the-art tech, we're a leader in LCL delivery.

Orient is an inherent component of our ocean freight product and service portfolio which adds real value to our customers' business. We provide extensive LCL services with expertise that is supported by a global LCL Hub and Gateway network enhanced by a seamless connection to our land services. This enables Orient to meet the highest standards for comprehensive door-to-door solutions ensuring even the smallest consignments reach their destinations in a reliable, flexible and efficient manner.

### Multimodal and Intermodal Solutions

With the timeliness of air freight and the cost-effectiveness of ocean freight and inland freight, Orient is a logistics partner that combines the best of all modes of transport to meet customers schedules and budgets.

By combining air cargo and ocean freight solutions with inland deliveries, you can find the right balance between cost and time - adding flexibility to your supply chain.

### Land Transport

Whether you need road transport, rail transport, or both, our land shipping solutions will get your shipments wherever they need to be, punctually and reliably. It doesn't matter if you need a single parcel shipment or want us to manage your entire surface supply chain. Our land transport fleet can move any goods to any location.

Our freight shipping products have ensured the success of millions of ground shipments. With a track-record for quality and timely transportation, your products will be in safe hands.

## OUR SERVICES: OCEAN FREIGHT

### Customs Clearance

We create, maintain, and advise the full set of the required customs documentation for the movement of export and import products as well as offer advice on documentary requirements.

Our well-ordered and accurate documents include: invoices, packing lists, licenses, certificates of origin, Eur1, Euro med, and Mercosur ....etc.

## EXHIBITION LOGISTICS SERVICES

### Services before, during and after trade shows

Orient Transport Services is one of the leading Egyptian exhibition forwarders with more than 15 years of experience in handling and transporting exhibition cargo.

Our close cooperation with EIEC, ECCA & CICC gives us a strength within this specific logistics solutions. Our services include collection of exhibition goods to/from any worldwide destination, customs clearance and transport directly to/from the show area. All risk cargo insurance is offered at favorable rates. Orient Transport specialists on-site provide services such as unpacking of materials as well as storage of empties during exhibitions and shows. Upon closing of trade shows, we offer packing assistance and return transport.

### Present at major exhibitions worldwide

Our exhibition team offers solutions for trade shows all over the globe. Together, our specialists have more than 20 years of experience and they are present at all major exhibitions and trade shows in Egypt as well as at many other exhibitions within industries like oil & gas, reefer, wind, food, cruise and general transport and logistics.

Through our vast experience and knowledge of local conditions and venues, we are well prepared to plan the perfect exhibition for you.

### Arranging all practical tasks

Upon arrival we coordinate the unloading and take care of your cargo. When it is time for you to meet and talk with the visitors at your stand, why not let us handle the practical matters so that you can concentrate on your visitors. We can cater for you and your visitors, provide storage of your luggage during trade shows or arrange any kind of equipment that you may need to give your visitors the best experience.

When it is time to go home, we will dismantle your stand and return your cargo safely.

## OUR SERVICES: BULK LIQUID TRANSPORTATION

### Flexi Tanks

Our flexitanks can be used to store liquids in or out of a container. It's a flexible, temporary or permanent bulk liquid container storage solution. Keeping product stored safely on-site or off-site until it's discharged.

For years, we've helped companies solve their logistical problems using our cutting edge flexitanks and container liners. Our Flexitanks are used by 23 customers who trust our liquid transportation solutions and their reliability and durability.

### ISO Tank Container

ISO Tank is a tank container which is built according to the ISO standards (International Organization for Standardization), so it is suitable for intermodal transport. ISO tanks are designed to transport and store liquids, both hazardous and non-hazardous. A tank container is one of the safest ways to transport fluids. An ISO tank has a stainless-steel barrel and is surrounded by various types of protective layers. Different coatings can be used depending on the type of liquids the tank has to contain.

Our Bulk Liquid professional team are 24/7 helping importers, exporters and operators to find the best win-win business deal for all the stakeholders.

Orient Transport is a specialist in logistics services for the transport and storage of liquid chemical products. With our global network of agents and operators who employ highly trained staff, we ensure more than 2000 different IMO and non-IMO chemical products safely reach their intended destinations every year.
